Product Experience

Product Manager III - Rotational Gig

April 2024 - October 2024

Expedia Group, Chicago, IL

- Created product roadmap & kicked off tiger team to migrate Expedia's mobile app stack to a more efficient architecture, leading to improved build times for mobile app development & lowered loading times for major shopping pages on the Expedia, Hotels.com, & Vrbo mobile app by 50%
- Improved user experience & user trust with Expedia & Hotels.com for travelers choosing their room by enhancing recommendations using personalization by targeting key segments with ML, resulting in over \$6m in gross profit
- Managed relationships with major ML & AI stakeholders to ensure alignment on product development, roadmap, & strategy
- Led cross-functional team to boost A/B testing velocity by 54% and win rate by 71%.

Engineering Experience

Software Engineer II

July 2021 - Present

Expedia Group, Chicago, IL

- Won Expedia Hackathon with a visual regression tool which is now adopted company-wide, cutting manual UX testing time by 95%
- Implemented a room ranking model to recommend rooms based on user preferences, optimizing the booking experience & driving a \$3.2M increase in gross profit
- Integrated Expedia's multi-armed-bandit testing platform into the stack using Kotlin & GraphQL to optimize resource allocation & dynamically enhance user content, leading to positive engagement
- Collaborated a front end application migration & API migration in React, GraphQL & Kotlin, effectively with cross-platform teams, ensuring alignment of goals & strategies throughout the process

Software Engineer I

January 2021 - May 2021

Kalderos, Chicago, IL

- Wrote unit & integration tests in order to contribute to the code base regarding testing & code reliability
- Scripted data ingestion software using Python to lessen load on downstream services within the stack
- Enhanced the front-end of a greenfield pharmaceutical management system project using React

Education

The University of Iowa, Iowa City, IA
B.A. Computer Science

August 2015 - May 2019
